**Subject:** STOP OIL TRAINS!!!

Dear Ms. Arnold,

I am writing you today out of fear and anger. I know that you have heard all of the reasons and arguments why we should not allow these trains to travel through our county. You have heard all the reasons and arguments why we should not allow Phillips 66 to build a rail terminal at the Santa Maria Refinery.

I a FEARFUL because I live well within the "Blast Zone"; around the corner from Los Ranchos Elementary School, where the tracks run directly behind the buildings and playground. I am terrified of what will happen when one of these trains derails. By now, you have listened to all the possible scenarios.

I am ANGRY because it seems that the County Supervisors are not listening to the voices of their constituents. I, as a registered voter, am imploring with you and your fellow Supervisors to deny Phillips 66 their plans to increase higher profits by delivering low cost crude by rail through our beautiful county.

Sincerely,

Deborah Dickinson
